\$50 MILLION HOUSING PROJECT

The Mayor of Altona, Cr. Harry Weaver, said yesterday Altona Council welcomed the use of the Paisley area for housing, but with some reservations.

The plans will be on public exhibition at the Altona city offices until June 5 and any objections must be lodged with the Board of Works before then.

The unveiling of the plans follows long negotiations between the Housing Commission and Altona Council.

Council is not happy with several aspects of the project and has already lodged an objection with the board.

The project is a high density housing development on 135 acres of land in the Paisley area.

The site was used as a briquette dump for many years by the State Electricity Commission.

The deputy chairman of the Housing Commission, Mr. A. Ashman, outlined the plans at yesterday's Press conference.

The project involves the construction of about 2000 homes, with the buildings varying in height from two to four stories.

This will house about 8000 people.

There will be three types of two-bedroom homes, four types of three-bedroom homes and some one-bedroom and four-bedroom homes.

The development will be closely-knit and built around a central community centre, including shops, offices and other essential facilities.

All homes will be within walking distance (no more than half a mile) of the shops.

Provision has also been made for kindergartens, three primary schools and churches.

A 15-acre secondary school site already exists.

About 70 per cent. of the homes will have a small private garden, either at ground level or on an elevated plaza.

The other 30 per cent. will have large balconies.

Homes will be both rented and sold.

Part of the area (possibly about a quarter) will be made available to private developers.

Mr. Ashman said the commission hoped to start building in September, but this depends on the deliberations of the Board of Works.

He said the first tenants would be able to move in about 12 months from the start of building.

The whole project was expected to take between four and five years to complete.

Mr. Ashman added that the development would be "an example of the best living environment for a

community in the western suburbs."

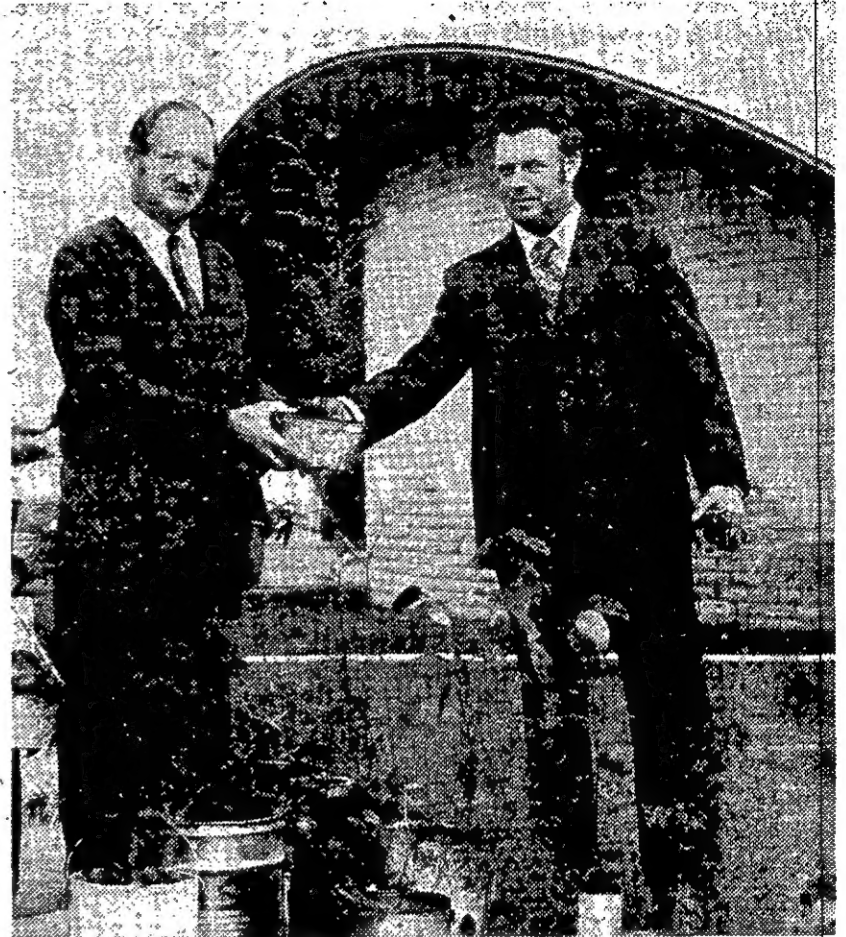

Referring to Altona Council's objections to the plans, Mr. Ashman said:

• The commission may

be prepared to lower the density to some extent.

• The two-storey limit which applied to the rest of the city was not relevant, because all buildings will be comprehensively planned to be compatible with the buildings next to them.

• The environmental effects of the nearby refinery will be fully investigated before plans for the southern area of the development are finalised.

Tree-lovin' mayor

Altona Mayor, Cr. Harry Weaver may go down in history as a "tree-lovin' mayor."

At his inauguration in August last year, he presented each of his guests with a neatly wrapped gift — a tree, and told them as they left that his motto was: "Plant a tree in '73."

Cr. Weaver (right) is pictured with Council's parks and gardens superintendent, Mr. Norman Boyd outside the Council chambers after handing over another load of trees which he has been nursing at his "weekend" property at Mount Macedon.

Recently, he bought 500 trees from a Macedon nursery and he has already planted most of these in four-gallon drums ready for transport to Altona, soon.

Council staff, under the leadership of town clerk, Mr. Syd. Fell are organising a tree planting day with the assistance of schools and service clubs.

During the past 10 years Altona Council has planted about 20,000 trees in the city.

Council objects to high density

Plans for a unique \$50 million housing project in Altona were unveiled yesterday by the Housing Commission.

He said: "For years the site was used as a briquette depot by the State Electricity Commission, and the dust problems emanating from it were the cause of many complaints and dissatisfaction by both the residents of the area and this council."

"The council and the commission have had discussions on the proposed project and the commission is aware that the council does not agree with the proposed residential density of 95 persons per acre."

"The council feels that the maximum population for this area should be in the vicinity of five thousand people — not eight thousand as planned by the Housing Commission."

"This density population would be more in keeping with the existing neighborhood and would enable the provision of adequate open space and general recreation areas."

"The council has

engaged the services of Doctor F. W. Ledger, Professor of Regional and Town Planning at the University of Melbourne, and Professor Robertson, Professor of Architecture at Melbourne University, as consultant advisers."

"The council has already lodged its objections with the Melbourne and Metropolitan Board of Works, but we hope that further discussions with the commission will enable agreement to be reached."

"If this agreement can be reached, the commission can be assured of the full cooperation of this council in the provision of those community services which are so necessary to keep pace with the existing services provided by council."

"Altona City is noted for the free services it provides and its many sporting areas."

"The council has already planned the de-

velopment of a swimming pool complex on council-owned land at the north-western corner of the estate."

"Generally, however, the Paisley area is lacking in open space."

"And the council has always hoped that with the closing of the briquette depot would come development which would permit greater public use than that proposed by the Housing Commission."

"Having regard to the proximity of the area to heavy industry, the council is opposed to the proposed multi-storey development and to the limited buffer area between housing and industry."

"The public exhibition gives all residents an opportunity to inspect the plan and make their comments."

"Any objections should be made direct to the Melbourne and Metropolitan Board of Works, and council would be pleased to be acquainted with the views of the people."

Val's Column

Hello, girls,

Do you remember the first time you used the very new, very easy, quick shampoo-in permanent hair color by Clairol.

Nice and easy was first of this kind of product on the shelves and it was in March, 1966.

Their colors have been extremely satisfactory over the years and now with fashion changes as they are, Clairol decided to expand their range — so you now have two beautiful new colors. This means you have a choice of eighteen shades.

You can color your hair to any darker color than your present shade — or lighten it by three shades, while also adding any toning you decide on.

Nice and Easy Burgundy is an attractive warm shade, so exciting with your new fashion colors — and have you considered the warm creamy toning it reflects on your complexion.

No! Not Burgundy for you? Then light Golden Brown would be a suitable winter color. The summer lights faded? Then remember light Golden Brown, it will put back life and shine and lift your sallowing skin tone too.

Revlon is specialising a hair care duo at the moment girls,

Aquamarine Protein Shampoo, Concentrate for your hair whether yours is oily, normal or dry. And with this you will also get Aquamarine Protein Creme Rinse. Rich conditioners and body building protein help make and keep silky, full of life, manageable hair.

Aquamarine products all have that clean, refreshing fragrance similar to aquamarine perfume, not as strong of course, but a mere aroma. Just enough.

Girls, Miss Lenthieric, the perfume as French as love in a spray, a cream, a toilette — any way you would like it. What would be nicer now than Miss Lenthieric Creme Parfum, a beautiful way to apply perfume to your pulse spots.

The cream vanishes, but the fragrance lingers on and on — warm, and French as love.

BYE.

HERBERTS PHARMACY
Pier Street, Altona

What most people dread about joining a club is walking through the door for the first time.

They imagine 90 faces turning at once, silently appraising them.

Strange faces at that. But there is no need to be apprehensive about joining the Altona Elderly Citizens Club.

The newcomer is greeted at the door by Mrs. Alice Dickson with a smile of welcome. She introduces everyone and makes sure nobody is left out.

The club is a haven from loneliness or boredom for people aged 60 or over. Here they pay 40 cents for a meal and four cents for afternoon tea.

A bus picks up and takes home members who can't get to the club by themselves. It is driven by a member, Mr. B. Russon.

Mr. Dickson, secretary of the club, organises a host of exciting activities. She arranges picnics, concerts, socials, games and other entertainment.

Totally unself-conscious, she fills in to sing or recite whenever she is needed at a concert.

Mrs. Dickson has a well-groomed, immaculate appearance, coupled with plenty of common sense. A hard worker, she is at the club from 9.30 a.m. to 4 p.m. in a voluntary capacity.

Mr. and Mrs. Dickson, who turn the Altona Elderly Citizens' Club into a second home.

She lends an ear to anyone who wants to talk about problems and keeps them confidential.

Her husband, Mr. E. Dickson, has been president of the club for two years and she has

been secretary for three years.

Activities include a picnic once a month, demonstrations, visits from other clubs and a monthly birthday party and concert.

A Christmas hamper raffle and dinner dance

is also held, as well as indoor bowls on Wednesday evenings and Saturday afternoons.

Mr. Dickson takes care of the meals on wheels service, rostering the lady drivers who deliver meals. Be-

fore joining the club, Mrs. Dickson was a member of St. Mary's mother's club for 21 years, where she helped in the tuck shop.

New members are welcome at any time at the Altona Elderly Citizens' Club.

Life is a song, thanks to Lions

The sweet strains of orchestral music filled the Altona Elderly Citizens' Club rooms on Thursday.

It came from a new stereo record player, just donated by members of the Altona Lions Club.

All eyes lit up when the record player was tried out. Club president, Mr. Dickson expressed members' appreciation for the gift.

Lions, president Charles Trickey, Alan Burkitt and Ron Tribe, glowed with obvious enjoyment on seeing the happiness of the elderly citizens.

Lion Club president, Mr. Charles Trickey (left) and service director, Mr. Alan Burkitt (far right) show Mr. Dickson, president of the Altona Elderly Citizens' Club how to work the new record player.

Babies help Yooralla

Yooralla Hospital School for Crippled Children will benefit from a baby show to be held in the Methodist Church hall, Hyde Street, Footscray, on Saturday, June 9.

Special features will be a photographic section and popular baby contest with prizes for every child raising over \$10.

Silver trophies donated by Summerhill Studios will be presented to baby show section winners.

There will also be a prince and princess of babyland and junior miss and master.

Further details on 306 9589.

Bruce Ardley at organ club

The May meeting of the Western Suburbs Organ Club featured organist Bruce Ardley and singer Bev Wilson.

Bruce, who was introduced by Ron Williams, played in an updated manner keeping to his own melodious style.

His most outstanding numbers were: It Happened in Monterey, Harry Lime Theme, Donkey Serenade and Hernandos Highway.

Clarity of fingering and method of phrasing spoke well for Bruce's sound musical training. Bev Wilson chose a bracket of favorites and it was hard to believe she and Bruce had not performed together before.

going to the dogs?

The price was almost right

North Altona housewife, Vera Waite, of Lawrence Court, came close to winning over \$5800 worth of prizes on Channel O's newest show, The Price Is Right.

However, even though she didn't win the \$4543 showcase play-off, Vera went home with \$155 worth of prizes, including a car radio and a set of seat covers.

She is pictured with compere, Garry Meadows.

Sewerage area is proclaimed

An area in Altona bounded by Queen Street, David Street, Railway Street North, Sargood Street and Pier Street was recently proclaimed a sewerage area by the Board of Works and under council by-law, property owners have six months to connect to sewerage.

Noting the proclamation of area No. 2375, at the recent Altona Council meeting, Cr. Doug Grant said: "No doubt we owe thanks for some of this to you Mr. Mayor.

"To your credit this has been achieved in such a short time and the sooner the people hook on the better."

Altona Mayor, Cr. Harry Weaver is the City's Board of Works Commission.

Fun parlor is OK : Cr.

Altona Council will raise no objection against renewal of a permit for the operation of two pin-ball machines in a Pier Street fun parlor.

At the recent council meeting, Cr. Ray Richards said: "I believe renewal is the key word. This place is kept clean and tidy and has not been a cause of any complaints."

Cr. Richards moved that council adopt recommendation that no objection be raised to a permit renewal application by Blyth Street resident, Mr. Roderick MacGregor.

Council was acting on a letter from the under secretary asking for comment on the matter.

Annual renewal is necessary under the provisions of the Lotteries, Betting and Gaming Act and

the correspondence received by council followed an arrangement made with the Chief Secretary's office to ensure that council was fully aware of all such applications received from within the municipality.

Council was told in a report by its senior health inspector that the premises in Pier Street were used solely for amusement purposes.

An inspection by council's health department this month found the premises to be in a clean and satisfactory condition and no food of any kind was found.

Photography

Williamstown Camera Club has just started a beginners' course for aspiring photographers.

No fee is payable, although the committee hopes these beginners will later become members of the club.

The greatest benefit to a learner is prompt discussion and assessment of his efforts and correct guidance.

For further details, contact the secretary, Mrs. Trist, Phone 399 2403, or come to the Methodist Church Hall, Pascoe Street, Williamstown. Classes are held on the first and third Thursday of the month at 7.30 p.m. Beginners' classes are held at 6.30 p.m.

\$60,000 FOR TWO HOLES

Altona Council will borrow \$60,000 from the Commonwealth Savings Bank of Australia, in order to buy two quarry holes in Altona North, for use as rubbish tips.

The loan will be repayed by eight half yearly instalments of \$8493.39 including principal and interest.

A motion to this effect was put at the recent council meeting by Cr. Les Crofts, seconded by Cr. Doug Grant, and passed unanimously.

Former MLA honored by Altona Council

Former Williamstown MLA, Mr. Larry Floyd, OBE, was the guest of Altona Council at a dinner in his honor last Friday night.

Altona councillors, local members of Parliament and friends paid tribute to Mr. Floyd at the function which was held in the civic buildings.

Mr. Floyd, Labor MLA for Williamstown since 1955, recently retired after 18 years in Parliament and 17 years in local council. He was awarded the OBE this year for long and dedicated service as a State politician and active

■ L. FLOYD, OBE

interest in community affairs.

He was secretary of the parliamentary Labor Council for nine years, secretary of Carlton Football Club for five years, and secretary of Williamstown Football Club for 10 years.

One of his "pet projects" was approaching Parliament for the return of Commonwealth land at present being used as a rifle range in Williamstown. After years of fitting and shortly before his retirement, he won that battle and Williamstown Council is currently deciding how best to use that land.

MARBLE MARVEL

The Mayor of Altona, Cr. Harry Weaver as drawn attention to a 23-storey city building which features "marble" hewn in Footscray.

In writing to the editor, Cr. Weaver says:

"One thing the western suburbs has more of than its eastern neighbors is good old solid bluestone.

"The Melbourne and Metropolitan Board of Works thought so much of our stone that it used more than three million dollars worth of it in their 23-storey administrative headquarters in Spencer Street, Melbourne.

"The stone was hewn in Wearing Street, Footscray.

"The newest and

most appropriate name for our rock is Footscray Marble.

"The new Board of Works' building (or should I say monument?) is the best piece of architecture I have seen for some time and I am sure it will be visited by many after its official opening in late July, even if it will only be to pay rates.

"This new use for our old rock makes me even more proud to have been born in Footscray."

Club '73

A weekly dance is being staged in Gaudin Reserve hall, Barkly Street, West Footscray.

The Saturday night dance is being organised by Club '73, a recently

formed social group, consisting of single people throughout the western suburbs.

Club '73 also arranges card nights, held every Wednesday in St. Andrew's Presbyterian hall, Footscray and the occasional picnic.

A spokesman for the club said: "Our members include widows, widowers, divorced and separated people. They can bring along their children if they wish.

"We know there are many lonely people around", said the spokesman. "Especially in the western suburbs".

Club '73 guarantees ladies transport.

A picnic will be held on Sunday, May 27. Anyone requiring further particulars is invited to phone John Ashley (30 7011).

Appointed to personnel

Mr. D. J. Stapleton, who has been accountant at the ANZ Bank, Altona North branch for the past two years, has received an appointment to the bank's personnel department, Australian headquarters, Melbourne.

Mr. B. J. Sexton, formerly of the bank's Caulfield South branch will take up his appointment as accountant on June 5.

Mr. Sexton has gained wide branch banking experience and is looking forward to making new friendships at the branch.

PENLEIGH PRESBYTERIAN LADIES COLLEGE

Raffle okay

Altona Council has given its approval for Altona North High School to amend the dates of its fund raising raffle to the eight-week term from May 29.

The amendment was recommended by the Raffles Board.

C.S.B. LOAN FOR COUNCIL

A loan of \$60,000 to Altona City Council has been announced by Mr. L. T. Bryant of the Commonwealth Savings Bank.

The money will be used to purchase quarry holes as tip sites.

The Commonwealth Savings Bank has now lent more than \$820 million to

local government and \$1940 million for housing. Mr. Bryant said this loan is possible only by the splendid support the bank receives from the community.

Wed at Williamstown

The bride, formerly Miss Kaye Mounsey, is the only daughter of Mr. and Mrs. W. Mounsey, of Hannan Street, Williamstown.

Alex is the second son of Mr. and Mrs. Gale, of Suffolk, England.

Best man was the bride's brother, Mr. Phillip Mounsey and groomsman was the bride's cousin, Mr. Laurie Maloney.

—Picture by Barry, M. Sutton, Williamstown.

Bridge work to go on

In reply to council's recent letter expressing concern over the lack of progress being made towards the completion of the Westgate Bridge, Mr. A. W. Knight, MLC for Melbourne West said the delay has been caused by an industrial dispute.

He wrote the dispute had been settled and trusts work will now be completed by the Lower Yarra Crossing Authority, whose responsibility it is to construct the bridge.

Mr. Knight has had long discussions with the Authority, and as a member of the liaison committee of the authority, he is aware that it is most anxious that the bridge be completed as soon as possible so that the cost of the project will be minimised.

Fearon reserve

The application of Williamstown Methodist Football Club for the use of Fearon Reserve on the morning of the Queen's Birthday, June 4, has been approved by council.

The ground will be made available free of cost, as in past years.

TPI social notes

Winners at the TPI Social Club's card afternoon on May 17 were Mrs. Y. Brown and Mr. F. Johnson.

The next card afternoon will be held on May 31 at 1.30 p.m. in the Manchester Unity Hall, Footscray.

Members who have booked on the five day trip to Mildura are asked to note that the bus leaves the Manchester Unity Hall, Footscray at 8 a.m. on May 28.

Tree planting is supported

The tree-planting scheme organised by Altona Council will receive support from the Paisley high school advisory council.

In a recent letter to council, the school principal, Mr. D. J. Collins who is secretary of the advisory council, said the council at a recent meeting, approved in principle re-establishment of Arbor Day and decided to support Altona Council and any other councils in their tree-planting schemes.

On a motion by Cr. Pa Lynch, the letter from Mr. Collins was noted.

Cr. Charlie Carlsson told council the Education Department had made a number of trees available to schools and some Altona schools had already taken advantage of this offer.

\$10 is all you need to become a Special Bonds investor

Special Bonds are not just for large financial investors. You can invest too, for exactly the same reasons as they do, from as little as \$10.

Series 2A Special Bonds, now on sale, offer you interest rates which rise from 5.8% to 6% in October, 1975 and to 6.3% p.a. in April, 1978, plus a capital gain (tax free for most investors) rising in stages to 3% at maturity (April 1, 1981). The average yield is 6.3% p.a. (approx.). The return of your investment, plus interest and capital gain is unconditionally guaranteed by the Australian Government.

Special Bonds are an ideal investment for personal and family savings, club, society or trust funds and business reserves. Special Bonds are an authorised trustee investment. They are free from Commonwealth and State stamp duties. Special Bonds can be cashed at any time after April 1, 1974, by giving one month's notice at any bank. The minimum subscription to Special Bonds is \$10, and the maximum holding (all series combined) is \$50,000. Special Bonds are always available from any bank or stockbroker.

Repairs hurt

Besides having an accident, the biggest disaster that can hit the average motorist is to have the car off the road for repairs.

Messing about with axis and public transport, taking the car to the garage and collecting it again adds up to expense, inconvenience and irritation. The ideal situation would be for the garage to go to the car when it is parked, unused, while its driver is at work or relaxing at home. And precisely that is the aim of the Home Tune service currently being established in Victoria.

Originating in Britain, where Home Tune is now regarded as the normal way to have a car maintained, the service consists of a fleet of vans equipped with electronic diagnostic and tuning equipment, tools and a wide range of spares. Skilled operators drive the vans and the work is done at a time suitable to the car owner, who makes an appointment by ringing central number (Melbourne 69 4511). The basis of Home Tune is prevention rather than cure. If a car gets regular attention — and the average cost is under \$10 a session — then the likelihood of a breakdown is practically eliminated. If a major fault is developing, the Home Tune operator can detect it and advise the owner in advance. A report sheet is handed over after each job. Ignition, carburetion, filters, battery and others can get regular service. So too can Australian motorists who do not do Mohammed, because the mountain — in the shape of a mini-garage — can come to him.

Brock scores

Victorian Peter Brock powered his Castrol Torana back into championship contention with a win in the fifth round of the Australian touring car title at Surfers Paradise on Sunday.

Brock recovered from a first lap spin to dice with championship leader Allan Moffat (Falcon GTHO) before Moffat spun with seven laps remaining. It was Brock's victory in his first place championship points to 58. Brock is ship after finishing second in third place on 31 points. The sixth round will be held at Oran Park, on June 24.

Moffat stormed back into third place in the Surfers Paradise race 32.1 behind Brock to increase his first place championship points to 58. Brock is ship after finishing second in third place on 31 points. The sixth round will be held at Oran Park, on June 24.

Why you pay for water

Many inquiries have been received by the MMBW from people who have received accounts for water charges.

Most of them mistakenly believe that because of the restrictions, which were in operation during the dry periods experience the recent summer, usage in late winter and spring was reduced and they should not have to pay higher than usual.

The accounts currently being issued relate to water used during the 12 months prior to the annual gas, electricity and oil, it

is normally supplied through a meter.

The present accounts are based on water actually used and measured by the meter.

So that the Board has sufficient funds available to meet the annual cost of providing water to consumers, a minimum annual charge is levied on each property supplied or abutting a water main.

Following the annual meter reading, the value of the water used is calculated at the price of 40 cents per thousand gallons. If the value of water used is greater than the minimum annual charge, or water rate, the property owner is required to pay the cost of the actual water used.

If there was no minimum charge, it would be necessary to adopt a much higher price per thousand gallons, so that the essential costs of operating and maintaining the supply system could be met in a year when the demand for water was low due to climatic conditions.

Mercedes-Benz tops one million

Production of Mercedes-Benz diesel engine trucks since 1945 has now topped the million mark, representing sales of over \$5500 million.

Of these trucks, almost half have been exported to a total of 172 countries, yet in 1947 — the first year of resumed truck exports — the number delivered was a mere 17.

The foundation of this vast business lies in the introduction of Benz, in 1925, of the world's finest diesel truck and, from the formation of the Daimler-Benz company in 1926, truck production up to 1945 was over 100,000.

Today, Daimler-Benz

Wild life stamps

Wildlife from the Sir Colin MacKenzie Sanctuary at Healesville will feature on a special postmarker and two souvenir covers issued by the Australian Post Office in July.

They will be introduced on a continuous basis from July 6, when the new entrance complex at the sanctuary will be officially opened by the Victorian Premier.

Covers at nine cents each, will be on sale at the sanctuary, at the Healesville Post Office and at the philatelic sales centre at the Russell Street Post Office.

Sir Colin MacKenzie (1877-1938), was a Melbourne doctor, who collected specimens of Australian wildlife on land granted to him near Healesville. This later became the sanctuary.

Mail posted outside the entrance of the sanctuary and outside the non-official post office in the sanctuary will be taken to Healesville Post Office and specially postmarked.

Collectors have the choice between cover A, showing a kangaroo, emu, broilga and lyre bird, and cover B showing an emu and other birds — both 16 cents each.

LEASE A BONGO

JUNIOR RUGBY ROUND FOUR

Westgate Junior Rugby Union details following round four last weekend are as follows:—

UNDER 16

At The Strand, Newport, Altona thrashed Moorabbin for the first time in years.

Peter Phillips bulldozed his way through Moorabbin for a try shortly after kick off to highlight lack of interest in tackling by Moorabbin and set the pattern of decisive running by Altona.

Peter Gaitan used his flying tackles to unsteady Moorabbin's State side backline. And Kevin Brickley and Patrick Mills led the Altona tightening of the ranks which stopped Moorabbin breakthroughs.

Richard Pope was giving a copy-book exhibition of full back play. The Gordon brothers, Wayne and Greg, moved the ball and ran well.

Coach, Peter McDonald, moved Fred Bondin to five eighth for an immediate try.

David Forbes and Bill Rae gave good ball from line-outs and William McKendrick and Steven White hooked the ball at each scrummage to give Altona the first major requirement of ball possession.

Peter Phillips moved to half to give good ball delivery to the try hungry backs.

Scores: Altona 36 d. Moorabbin 4.

Scorers: tries — Peter Phillips 2, Peter Gaitan 2, Patrick Mills, Fred Bondin, Greg Gordon.

Best: William McKendrick, Richard Pope, Peter Gaitan, Peter Phillips.

UNDER 14

Williamstown and Altona had the bye.

UNDER 12

Williamstown 18 d. Altona 16.

THREE UP, TWO DOWN

Williamstown Methodists finished the weekend with three wins and two losses.

DETAILS SENIORS

Scores: Williamstown 14.10 d. Newport 12.12.

Goals: T. Russell 4, Ely, Foster 2, Grigg, Serong, Clements, Nichols, Temby. Best: A. Fry, T. Humphries, T. Russell, G. Gregory, J. Funston.

UNDER-17

Scores: Altona 10.10 d. Williamstown 5.12.

Goals: Stone, Miller, Banks, Davies, Kriptopolis. Best: McVeigh, Pheffley, G. Bell, S. Vasil, Kriptopolis, Holod.

UNDER-15

Scores: Williamstown 14.10 d. Werribee 5.2.

Goals: Craddock 3, Lang

3. Barnaby, Strang 2, Black, Elliott, Smith, Bell. Best: Lang, Vidakovic, Van Rangle Roy, Harris, Craddock, Barnaby.

UNDER-13

Scores: Westport 4.8 d. Williamstown 4.1.

Goals: Barrett, Jones, Schafer, Toby. Best: T. Jones, Doyle, Barrett, Barnaby, Splatt.

UNDER-11

Scores: Williamstown 8.13 d. Braybrook YCW.

Goals: Davies, Linke 2, Holder, Kerss, Swann, Dorgan.

Best: Splatt, Elliott, Davies, Wieslowsky, Linke, Swann.

McTaggart is tops for 'Town

Phillip McTaggart dominated for Williamstown seconds against Geelong West last Saturday.

Phillip's form this season (he is leading The Advertiser award) must have senior selectors considering a promotion.

Geelong West tore away from 'Town in the final quarter to win by 55 points.

Scores: Geelong West 17.16 (118) d. Williamstown 9.19 (73).

Goals: Hynes, Bester, Neil Stillman 2, James, Crump, Sinnott. Best: McTaggart, Kenny, Hynes.

Progressive: McTaggart 5, Kenny 4, Langford, Patterson, Dillon, Roach 3, Neil Stillman, James, Hynes, Walsh 2, Groewegen.

THIRDS

Scores: Geelong West 40.22 (262) d. Williamstown 10.9 (69).

The team failed but was not disgraced.

GOLF

Results of recent competition conducted by Koorringal Golf Club Associates are as follows:—

May 15, stableford — A grade, Mrs. J. Oatway (15) 36 pts., B grade, Mrs. D. Brooks (25) 32 pts., C grade, Mrs. A. Shields (35) 36 pts.

FOURTHS

The fourths had a strong win over Laverton.

Scores: Williamstown 19.17 (131) d. Laverton 3.2 (20).

Goals: Kerrs 8, Sims 5 (others not to hand). Best: Kerrs, Sandells, Sinnott, Sims.

Newport thrashed

Struggling Newport YCW D grade north were thrashed by top side, North Melbourne, last weekend.

Newport's forward line refused to function and North raced away to a 72-point win.

Scores: North Melbourne 11.26 (92) d. Newport YCW 2.8 (20).

Goals: Bob Jones, Colin Ravenscroft. Best: K. Gubbins, K. Kenny, M. Puhar, T. Piazza.

They won, but didn't impress

A 69 point win . . . but Williamstown CYMS did not impress last weekend.

'Town's casual attitude allowed lowly Bentleigh to look an average team.

Enthusiastic Bentleigh started well and scored five goals in the first quarter.

Once again Williams-

town opened slowly. Too few players were battling for the ball and it was due to their efforts that 'Town were only 16 points down at the quarter time interval.

Willy had most of the play in the second term but wasted many opportunities up forward. The 'Town half-back line was getting on top and stifled most attacks by the opposition.

The third quarter was an extremely dull affair. Elementary mistakes were being made by both teams — particularly Williamstown.

At the final change, 'Town held a lead of only three goals. The last quarter was all Willy.

For the first time in the match there was enthusiasm in 'Town's play.

Some good team work was shown and the Williamstown rucks were on top for the quarter. Williamstown attacked for most of the term and ran out comfortable winners after a disappointing performance.

Williamstown 19.19 (133) d. Bentleigh 9.10 (64).

Goals: W. Rosenzweig, R. Zammit 4, J. Murphy 3, R. Wendt, D. Wilkie, P.

Ward 2, A. Boddington, P. Zamykal.

Best: J. Henry, B. Blott, M. O'Brien, D. Wilkie, R. Zammit, W. Rosenzweig.

SECONDS

Williamstown were on top right from the start. With winning rucks and rovers the ball was constantly moving forward, but lack of steadiness in kicking for goal let 'Town down. Willy continued to dominate the second term but at half-time had kicked only three goals from 16 scoring shots.

Elwood tried desperately to get back into the game but were no match for 'Town's overall strength.

Williamstown maintained a big advantage in general play and but for poor kicking, would have won by a larger margin.

There is no reason why Willy should not win many more matches, if they continue to play in this fashion.

Final scores: Williamstown 12.27 (101) d. Elwood 3.8 (26).

Best players: K. Halley, M. Macbain, G. Micallef, J. Wright, Mark Buckley, J. Zammit, W. Collinder, D. Clark.

This week the seniors meet West Ivanhoe and the seconds clash with Mentone.

EXTRUDER OPERATOR

required by our INDUSTRIAL PLASTICS DIVISION
The person we seek would preferably be experienced on an extruder although this is not essential as we would be prepared to train a suitable applicant. Applicants must be prepared to work shift work and possess a good command of English.

The Arnold Palmer Method

"ATHLETE OF THE DECADE"

HOW TO APPROACH APPROACHING

There are two ways to plan your short approach shots around the green. Select the one that works best.

The first is to play all normal short shots with the same club. This sounds logical, since it seems easier to master one club than several. The problem is that only a highly-lofted club—a 9-iron or wedge—gives you the wide variety of shots needed around the green. And these clubs must be swung harder than others to achieve the necessary distance and the harder the swing, the greater the chance for error.

The second method is to use a different club for each situation. Most of the time this allows you to make a shorter, easier swing with less-lofted clubs, thus decreasing your chances of mis-hitting the shot. But obviously, it does require mastering several different clubs.

Whatever technique you choose, always take advantage of the green's smoothness and land the ball on the green whenever you can (see illustration).
